Medicare Part D

Annual open enrollment for Medicare Part D prescription drug coverage is October 15 through December 7. Because plan formularies and costs may change each year, it is recommended that all Part D beneficiaries complete a plan comparison each open enrollment period. This helps ensure their current plan is still the best plan to meet their needs. Staff from the Northwest Missouri Area Agency on Aging and the Aging Resource Centers in Gallatin and Unionville can provide assistance with Part D plan comparisons, as well as provide information and application assistance for other programs that can help you save money on your Medicare out of pocket costs.

Cost: None – voluntary contribution
